Design Notes

Designed to accommodate the dynamic nature of modern families, the Arlo presents a fresh and innovative approach to single level living.

Its architecture embraces open spaces, inviting an abundance of natural light to permeate throughout its various living areas. The inclusion of sloped ceilings further enhances the feeling of spaciousness and luminosity. With a harmonious blend of comfort and entertainment, the Arlo embodies a well-balanced design.

The heart of the Arlo is a seamless combination of the living, dining, and kitchen areas, promoting a free-flowing environment. Opening up to an alfresco space, this layout encourages open-plan living, creating a serene and expansive atmosphere.

Fully customisable to your requirements and block, the Arlo by ANSA Homes presents a remarkable single-storey home design that guarantees a delightful living experience.
